

What makes Hospice Care Special?

Divine Hospice Care

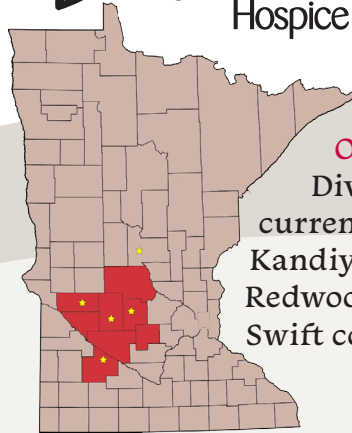

Your care is provided by a team of professionals that work with you & your family to develop a personalized plan for your care. This team includes your doctor, hospice nurse, hospice social worker, a hospice aide, the hospice medical director, a volunteer & the hospice chaplain. Each of these team members plays a vital role in making sure the end of your life is lived fully with dignity & comfort. At the center of the team is not only you, the patient, but also your family!

Whether your family includes relatives, friends, church members or neighbors, they are expected to actively participate in your care with the hospice team. Hospice is designed to assist your family members in providing comfort – physically, emotionally & spiritually.

We are always willing to talk about the opportunity to care for you or a loved one. Please don't hesitate to contact us with questions & for more information.

Our Philosophy

What is Hospice?

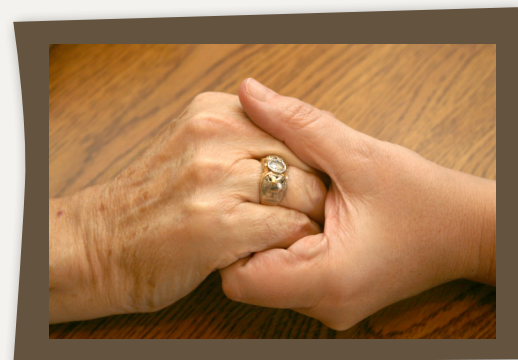

Hospice is a way of caring for & supporting a person diagnosed with a terminal illness. Hospice care focuses on providing comfort & pain management, rather than providing a curative treatment. Hospice not only supports the patient, but also their family & is offered to you in whatever setting you are most comfortable – whether your home is a house, an apartment or an assisted living facility.

Who is Eligible for Hospice Care?

Hospice can be provided to anyone, regardless of age, who has been diagnosed with a terminal illness & has been given 6 months or less to live (if the illness runs its normal course). We understand this is a very difficult & overwhelming time. Know that hospice will be there to support you & your family. Once you have made the decision to live the end of your life as fully & comfortably as possible, talk to your doctor about how hospice can help.

Who Pays for Hospice?

There are different ways in which your hospice care is paid for – Medicare, Medical Assistance, MinnesotaCare & private insurance policies. We will work with you, your family & your insurance company to determine the payer source for your care. Included in your covered hospice benefit are the following:

- A Divine Hospice Registered Nurse (RN) on call 24 hours a day, 7 days a week
- Prescription drugs related to your terminal illness to provide pain relief & symptom management
- Services of all hospice team members
- Short-term inpatient care (if necessary)
- Medical equipment & supplies
- Short-term respite care
- Therapy Programs: Physical, Occupational, Speech, Massage, Pet & Aromatherapy
- Volunteer services

Again, all of these services provided to you must be related to your terminal illness for them to be covered.

Please feel free to contact us about any of these options. We can help you find the best solution for your hospice care needs.
